Design circulaire - María POPPE

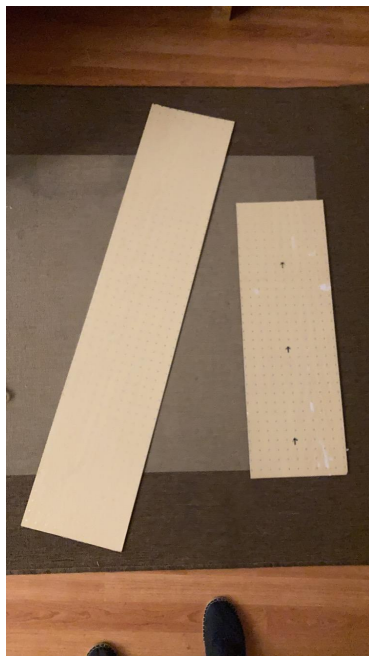

Objet 0.1

Tabouret

Gisement utilisé

Planche de bois/plastique/métallique de 25x205

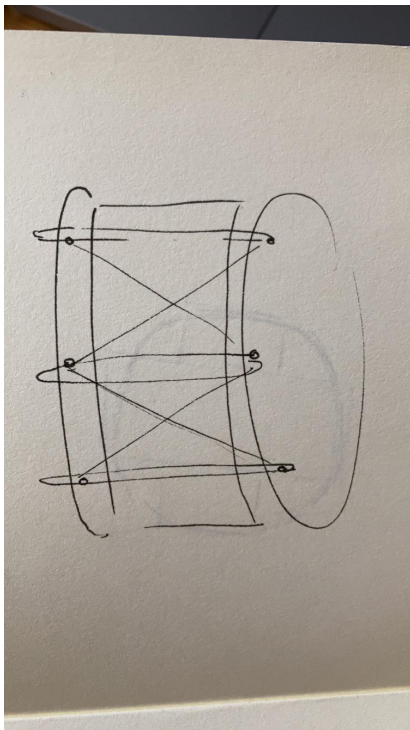

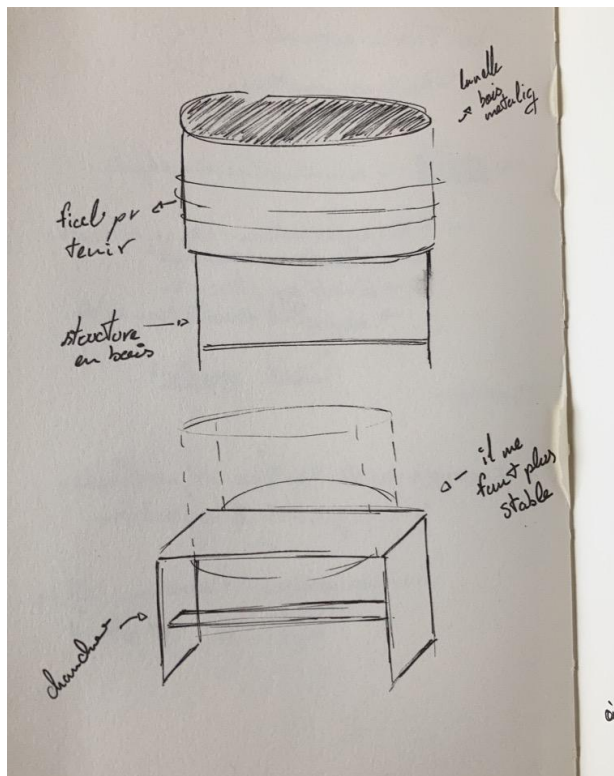

ficel

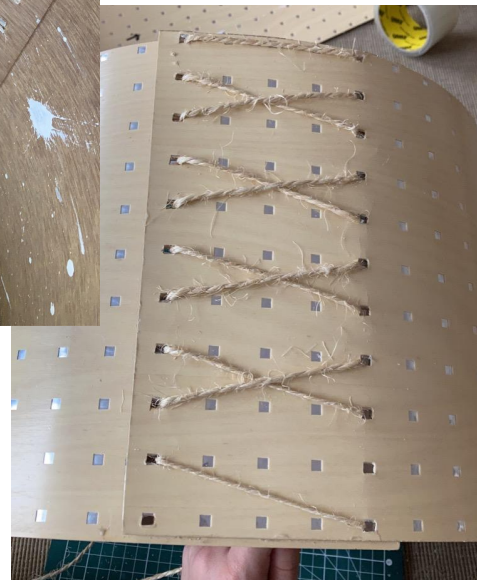

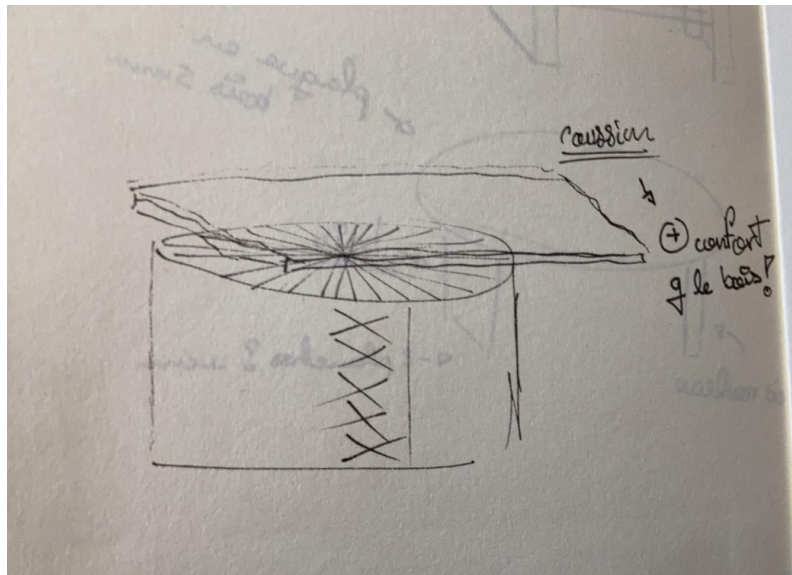

vieux coussin

Croquis

Assemblage

Ideal serait un tissage puisque une planche en bois est pas confortable, donc le coussin.

Petit tissage pour ne pas s'enfoncer

Résultat :

Il faudrait tisser plus pour le confort

Objet 0.2

Étagère suspendue

Gisement utilisé

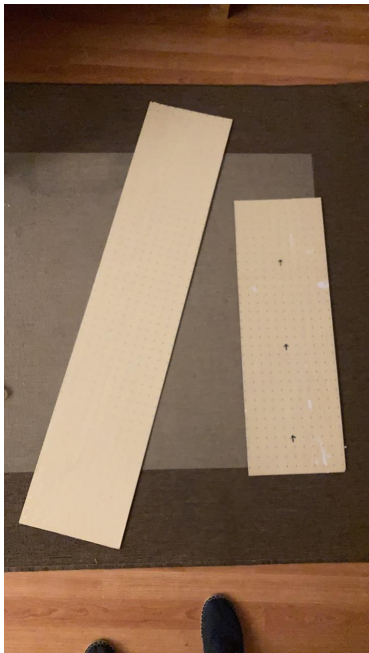

Planche de bois/plastique/métallique

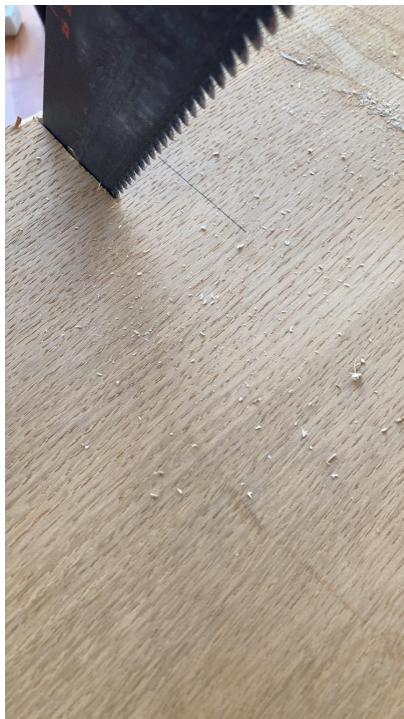

planche en bois de 5mm

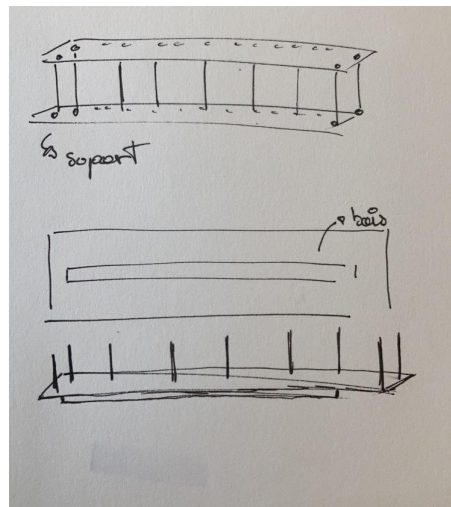

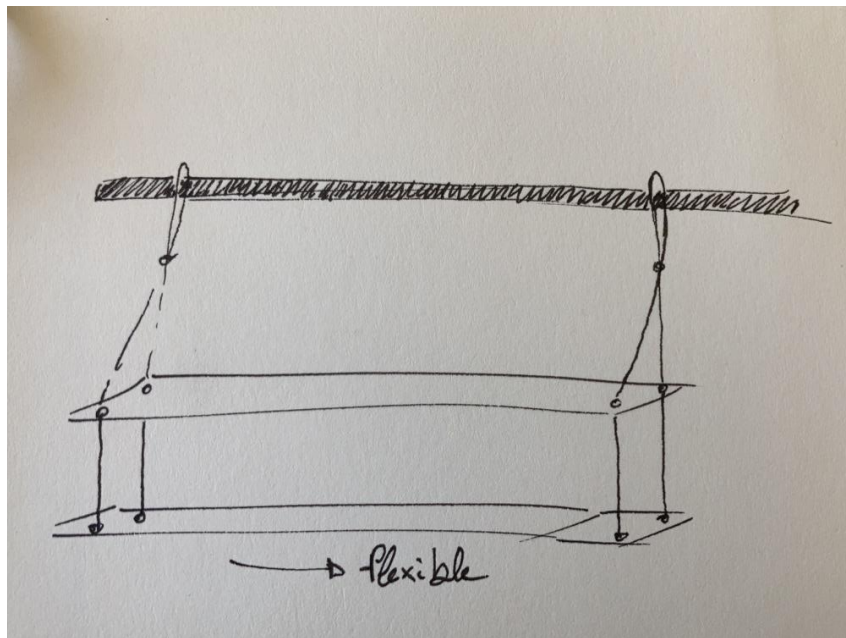

ficelle

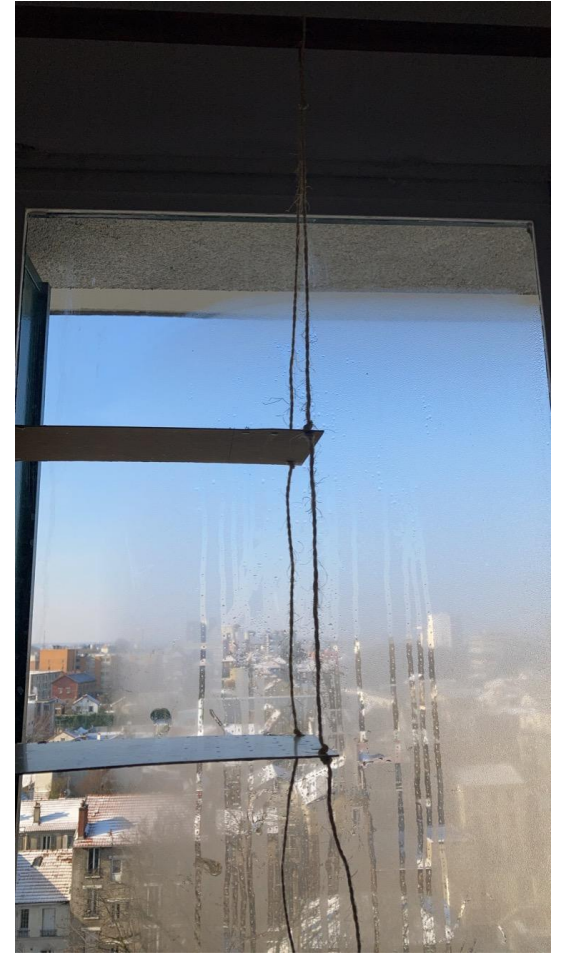

tabouret

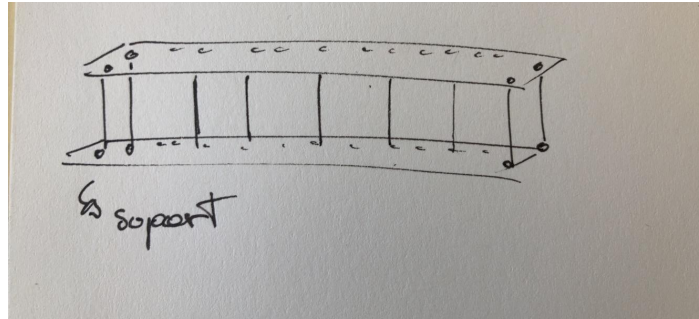

Croquis

Assemblage

Ajout de ficelles pour stabiliser.

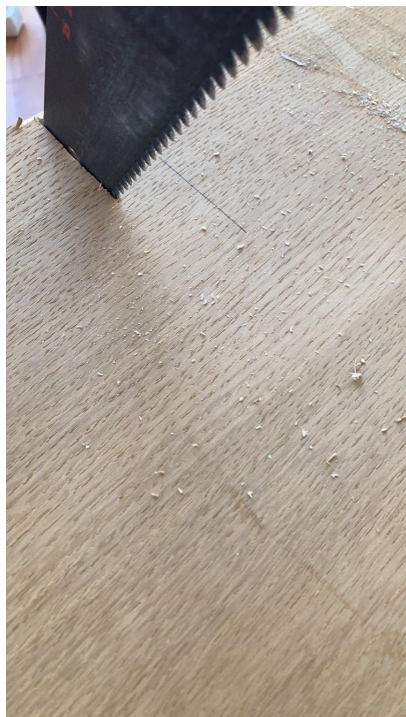

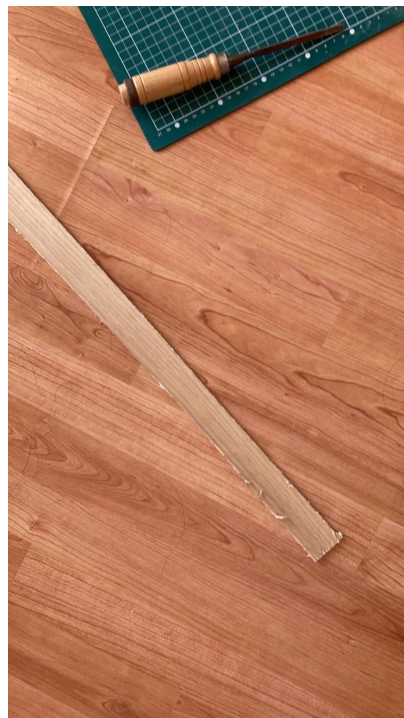

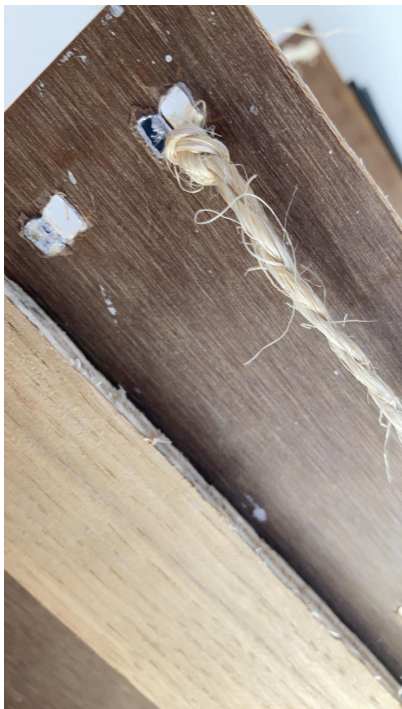

planche en bois 5mm

Résultat :

Objet 0.3

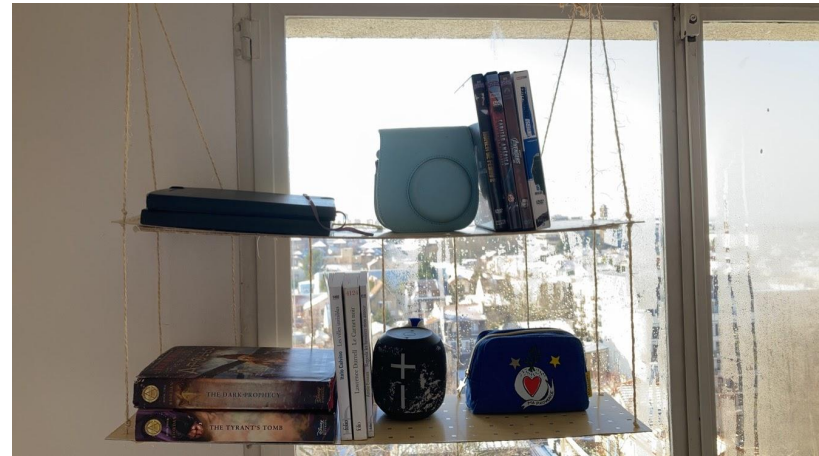

Lumière, lustre

Gisement utilisé

Objet 0.4

Table de nuit pliable

Gisement utilisé

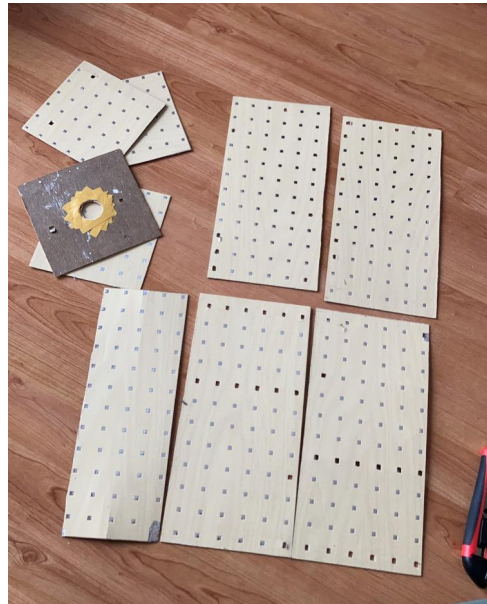

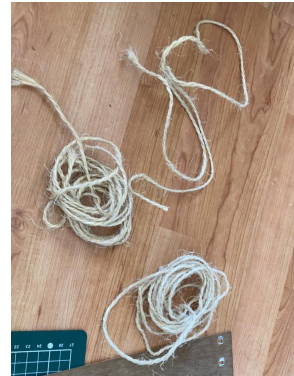

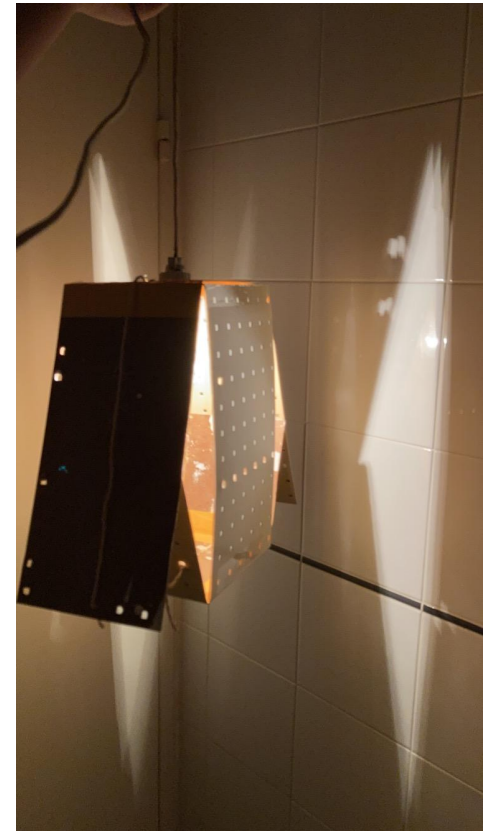

Planche de bois/plastique/métallique

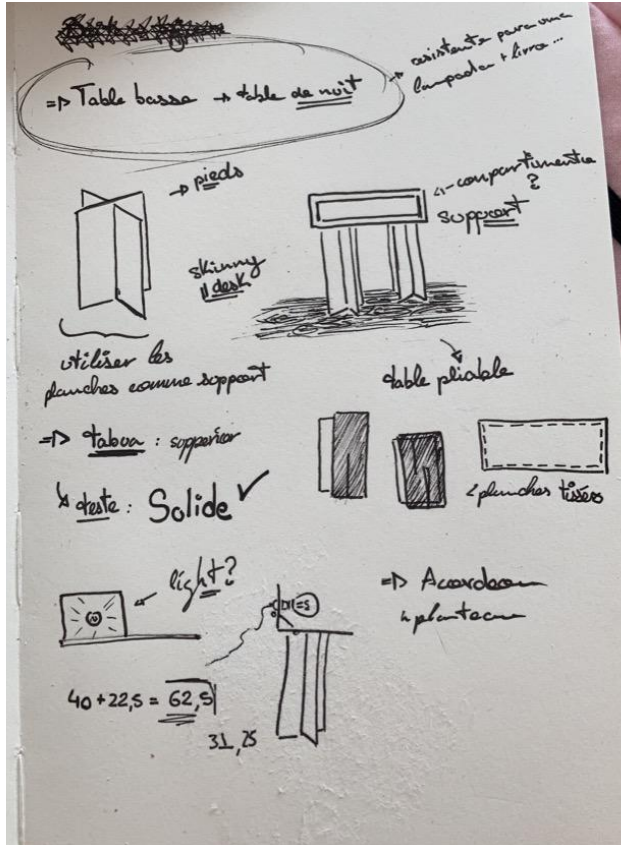

ficelle

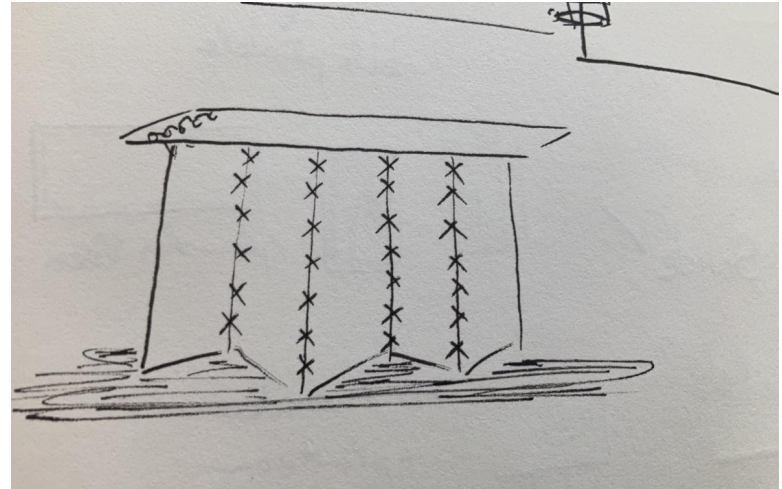

Lustre

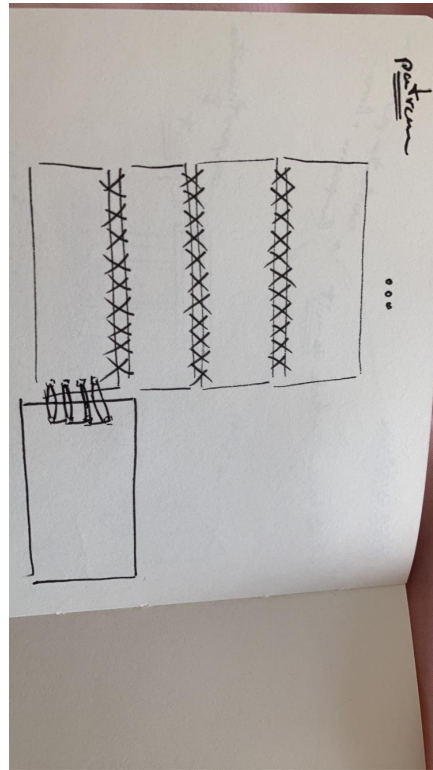

Idées...

Petite chambre de visite donc une table qui peut se plier serait très pratique.
