

AIARP 2024 International Conference

AI & Automation

In Architectural Research & Practice

 **10 October 2024**

ENSA Paris Malaquais

9 am - 7 pm

Invited Speakers

Isabelle Ryl, PRAIRIE lab., PSL University

Zoubeir Lafhaj, Construction 4.0 lab., Centrale Lille

Robert Stuart-Smith, Autonomous lab., PENN University & UCL

Sherif Tarabishy, R+D - Foster + Partners & Bartlett, UCL

Program

Session 1 Moderators: François Guéna & Ahmed Hussein

10:00 | Sherif Tarabishy, Foster + Partners & UCL
Machine Learning in a Design-Driven Business

10:45 | Florian Cheraud, ENSA Paris Malaquais
Datasets for an Artificial Intelligence of Space

11:15 | Louis Roobaert, UCLouvain & B2Ai
Adaptive Model for Classifying Intelligent Tools

11:45 | Robert Stuart-Smith, Univ. of Pennsylvania & UCL
Semi-Autonomous: Collective Robotic Construction

Session 2 Moderators: Xavier Marsault & Thierry Ciblac

14:00 | Hassan Ragab, Media Artist, California
Visual Bias in Big AI Models

14:30 | Isabelle Ryl, Vice President AI, PSL Univ.
PRAIRIE-PSAI: panorama of interdisciplinary research

15:15 | Zoubeir Lafhaj, Ecole Centrale de Lille
Resilient Construction Through 3D Printing

16:45 | Panel Discussion and Q&A

18:00 | Aperó & Networking

Attendance on-site / online

Registration: bit.ly/AIARP2024-Register

Webinar: bit.ly/AIARP2024-Zoom

The conference is organized by the GSA laboratory (Thierry Ciblac & Ahmed Hussein Abouelkheir) and supported by the French Ministry of Culture, PSL Research University, and the GSA Laboratory, with the support of Accor for speakers accommodation.
